

Independent Auditor's Report on the Report of the Board of Directors

To the Shareholders of European Lifecare Group CVR No 1010 4653

In connection with the contemplated capital reduction in European Lifecare Group A/S, which is to be addressed at an extraordinary General Meeting on 30 May 2018, we have been engaged to prepare a report under section 156 (2) (3) of the Danish Companies Act with a view to expressing a conclusion as to whether the report of the Board of Directors dated 8 May 2018 provides information about all events material to the financial position of the Company which have occurred after the presentation of the Annual Report for 2017.

We express moderate assurance in our conclusion.

Our report is prepared solely with a view to complying with the requirement of section 156 (2) (3) of the Danish Companies Act and may not be used for any other purposes.

Management's Responsibility

The Board of Directors is responsible for preparing a report that provides information about all events material to the financial position of the Company which have occurred after the presentation of the Annual Report for 2017.

Auditor's Responsibility

Our responsibility is to express a conclusion based on our examinations as to whether the report of the Board of Directors provides information about all events material to the financial position of the Company which have occurred after the presentation of the Annual Report for 2017.

We conducted our examinations in accordance with ISAE 3000, Assurance Engagements Other than Audits or Reviews of Historical Financial Information and additional requirements under Danish auditor regulation to obtain moderate assurance in respect of our conclusion.

PricewaterhouseCoopers is subject to the International Standard on Quality Control, ISQC 1, and thus applies a comprehensive quality control system, including documented policies and procedures concerning compliance with ethical requirements, professional standards and current statutory requirements and other regulation.

We have complied with the independence requirements and other ethical requirements included in FSR – Danish Auditors' guidelines for auditors' ethical behaviour (Code of Ethics for Auditors) based on the basic principles of integrity, objectivity, professional competence as well as due care, confidentiality and professional behaviour.

We have examined the information of a financial nature in the report of the Board of Directors and have compared this with the Company's Interim Financial Statements for the period 1 January to 31 March 2018, and have discussed the information provided by the report with Company Management.

The procedures we have performed in connection with our examinations are less in scope than those of a reasonable assurance engagement. Consequently, the level of assurance ob-

tained in respect of our conclusion is substantially lower than the assurance that would have been obtained had we performed a reasonable assurance engagement.

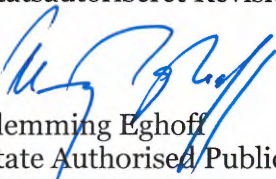

Conclusion

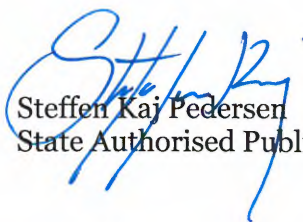

Based on our work, nothing has come to our attention that causes us to believe that the description of events material to the financial position of the Company which have occurred after the presentation of the Annual Report for 2017 provided by the report of the Board of Directors is not in accordance with the requirements of section 156 (2)(2) of the Danish Companies Act.
